INFORMATION ABOUT THE PROPERTY DISCLOSURE STATEMENT **RESIDENTIAL**

If this disclosure statement is being used for bare land strata, use the Property Disclosure Statement – Strata Properties along with this form.

THIS INFORMATION IS INCLUDED FOR THE ASSISTANCE OF THE PARTIES ONLY. IT DOES NOT FORM PART OF THE PROPERTY DISCLOSURE STATEMENT.

EFFECT OF THE PROPERTY DISCLOSURE STATEMENT:

The Property Disclosure Statement will not form part of the Contract of Purchase and Sale unless so agreed by the buyer and the seller. This can be accomplished by inserting the following wording in the Contract of Purchase and Sale:

EXAMPLE ONLY:

"The attached Property Disclosure Statement dated

Oct. 8 yr. 2020 is incorporated into

and forms part of this contract."

ANSWERS MUST BE COMPLETE AND ACCURATE:

The Property Disclosure Statement is designed, in part, to protect the seller by establishing that all relevant information concerning the premises has been provided to the buyer. It is important that the seller not answer "do not know" or "does not apply" if, in fact, the seller knows the answer. An answer must provide all relevant information known to the seller. In deciding what requires disclosure, the seller should consider whether the seller would want the information if the seller was a potential buyer of the premises.

BUYER MUST STILL MAKE THE BUYER'S OWN INQUIRIES:

The buyer must still make the buyer's own inquiries after receiving the Property Disclosure Statement. Each question and answer must be considered, keeping in mind that the seller's knowledge of the premises may be incomplete. Additional information can be requested from the seller or from an independent source such as the Municipality or Regional District. The buyer can hire an independent, licensed inspector to examine the premises and/or improvements to determine whether defects exist and to provide an estimate of the cost of repairing problems that have been identified on the Property Disclosure Statement or on an inspection report.

FOUR IMPORTANT CONSIDERATIONS:

1. The seller is legally responsible for the accuracy of the information which appears on the Property Disclosure Statement. Not only must the answers be correct, but they must be complete. The buyer will rely on this information when the buyer contracts to purchase the premises. Even if the Property Disclosure Statement is not incorporated into the Contract of Purchase and Sale, the seller will still be responsible for the accuracy of the information on the Property Disclosure Statement if it caused the buyer to agree to buy the property.
2. The buyer must still make the buyer's own inquiries concerning the premises in addition to reviewing a Property Disclosure Statement, recognizing that, in some cases, it may not be possible to claim against the seller, if the seller cannot be found or is insolvent.
3. Anyone who is assisting the seller to complete a Property Disclosure Statement should take care to see that the seller understands each question and that the seller's answer is complete. It is recommended that the seller complete the Property Disclosure Statement in the seller's own writing to avoid any misunderstanding.
4. If any party to the transaction does not understand the English language, consider obtaining competent translation assistance to avoid any misunderstanding.
